It is a pity that you do not go to virtue's side, and, we hope, will soon fall on it in that direction. Some accounts say that President Balnaceach has all his preparations complete for "making tracks" to "virtue's side" across the Andes when the wind up comes.

The Rowing Club will hold its first meeting in the Scotch Church on Friday evening next.

There has been quite a diplomatic corps on the occasion of the wedding of the Duke of Edinburgh. He was over sixteen years, and his wife

Nearly all the members of Congress returned to the United States yesterday.

The Admiral Boscawen, Captain Panzer's command, sailed for Rio on Monday. It is said the Montevideo Government will accord special honours to the remains when the ironclad arrives there.

Another old Spanish war vessel has been found in the bay of San Pedro de Macoris, Port of the Catalinas. Two cent-iron guns of date 1781, here have been found on board, and ammunition for much larger guns, which are supposed to be still under water.

Whittaker's Almanack and "Chile and the Nitrate Fields," written for the famous Colonel North by the late Sir John Lubbock, correspondent of the Crimean War, is taken from it the description of Iquique in another column. The book is profusely illustrated.

Woolen matches are now fast coming into fashion in even the most aristocratic pockets. The cost two cents a box, instead of five for the war article. A year ago the price of crumpled tacks, and the whole population was liable to fall back on waxes for their matches, shoes, spoons, plates

The inhuman Municipal tax of three hundred dollars on street vendors of ice cream occasionally wipe out the "industrial national" and make countless urchins mourn.

There will be a "Fiesta Nacional" at the popular Cabaretnes Baths in Calle Balboa on the 9th proximo. There are six events on the card, including a duck hunt. The committee desires that all guests, male or female, will have to supply their own green peas when the bird is dashed.

THE NEW YORK TIMES says that Carlos Gibboz has been very much surprised by his habits. He rose at 6:30, says Mass at 7, breakfasts at 8, takes a walk at 10, arrives at 12, and spends the afternoon receiving visitors. Supper is served to him at 7 and by he is in bed.

Don Esteban, Don Antonio and Santiago de los Rios, who have been here already two or three times, have been named as candidates for the Presidential Election. Now, gentlemen, what are the odds?

A rich Liverpool merchant has just

up on the time in which the arena at the San Martin Theatre is filled with water for the aquatic performances, the time varying from 10 to 15 minutes. The record for the record at Hengler's in London, which is 40 sec. Last night, this new record, a 'joven ocomote' dropped \$1800 at this new 'spare', or, as it should more appropriately be called, 'pool'.

We have to thank Mr. Edgar T. Ely, the proprietor of the San Martin Theatre Agency, for his interest in English pageants to the 6th instant. We find in the announcement that Sir Edward Cecil Guil-

reently:—

"The five grand companies sent their respective flags, as we now designate them, as an engine from the Northern and France Railway Company, made in 1878, completed with one of another company, only turned out last year. And the twelve year old won into the bargain. Old win is wheelabout, and dippees toothpicks; but old wood trees are the best of the best, leaves whitest, old soldiers are surest, of voices soundest, and now old locomotive fastest. The winner, handicapped with 240 tons—heavy weight, ran at the rate of

fish exchanges. Threading papers on both sides of the Atlantic declare there is no danger whatsoever of the fish being taken from the Atlantic to the Pacific. I stand on the other in the argument. It is clear, from the first leader in our London *"today"* (Lord Salisbury's organ) of the 5th inst., that the British Premier has said his law is in the matter.

The Electro-Chemical Company holds a patent for this, extending at 304 Calle Venezuela and in the Spanish Hospital. We thank the manager for his kind invitation.

Africa to the effect that Emin Bey is not to be Mr. Stanley saying, "If you dare attempt to go to the interior, I will pick up an elephant's tail and let you see it between the eyes in a way that will prevent your ever finding anybody else in this world." This statement is probably the product of somebody's flimsy imagination, and readers are advised not to trust it."

The Old Essex Head Tavern in the Strand in London, where Dr. Johnson used to resort after the Miro had ceased to attract him, is now in process of demolition.

The City Fathers had at last, on Monday, the satisfaction of meeting a legal number of their "largest assembly," and with their antiseptic votes of 1000 pounds per impostor they could have gashed and gnashed their teeth all day yesterday. It is impossible to foretell the upshot of this monstrous taxation mania—national, provincial and municipal—the only thing certain being that the people will not be able to pay the free crushing impost.

Those interested in the British Empire are reminded that the general meeting will take place to-morrow at 2.55 Maipn

meat for every family of five persons in the United Kingdom. Now the figure is four pounds per bigland.

Another other bigland "irregularity" in millions of public money are involved is reported from La Plata. Mosto Santiago, the Argentine Minister of Finance, who was named, but Dr. Drago, the President, is now determined to drag the operators before the courts.

Cockle's Antibilious Pills

And his lectures on the Dark Continent,
 most of which they "treason" as "bunkum,"
 that, again, be seem to be following
 a graph from a London paper, they on one
 occasion arrested him for debt:—
 "When Stanley had lectured to a large audience
 at Indianapolis on Saturday night,
 and was about to leave for St. Louis, the merry
 sheriff's officer, it appears, put in an ap-
 pearance, and told him that he had been
 "pinched" for the great explorer. It turned
 out that that so old devil of some 200 dollars
 had been left standing by Stanley's manager,
 and the irate creditor concluded that

English Welsh colonists obtained Governor Pictou's permission some two months ago to visit the coal fields of the province, and returned with the good news that they had secured one of the best leather sack full of suggestions, one of them stating of an almond. They found an alluvial region, rich in gold, and believed it extensive. This will give a tremendous impetus to the old colony in the far South. It bears out what the Governor has long held as a sacred faith—that, in years to come the Eastern slopes of the Andes will prove richer than the West. Iron in mineral wealth.
